## The Cliffs at Pemaquid

COVER - If fortunate, the visitor to Pemaquid Point in Maine will arrive after the storm has passed when the sky is clear but the sea is still surging in to smash the cliffs. It is awe-inspiring. The sea has carved the 80 foot cliffs of Pemaquid into giant steps which slope up from the base following the horizontal flow of the ancient molten rock which poured into the ocean when the earth was new and forming. The different layers which solidified to form the cliff are being exposed by the sea

which never ceases its sculpture. Great blocks of the size of small trucks are torn from the face leaving gaps in the steps. For eons this has gone on unrelenting, yet the cliff still stands in its splendor with a Coast Guard lighthouse at its top which is a look-alike for the Ned's Point light or the Bird Island light. People are drawn to this place. Artists come singly and in groups to paint this great projection of cliff. Boats pass by all day with tourists drawn to view the spectacle from the sea and with fishermen on the way to the lobstering. The scale is so tremendous that as many people as are present can lose themselves in their own private world either below the lighthouse or on the walk up the coast on this stupendous outcrop of rock. Humans on this scale become tiny things, each enthralled by the thunder of the sea at their feet. The endless variety of the surf is a show guaranteed to focus the attention and to wipe the mind clear of all else. The only problem here is to decide what is the most perfect wave to capture and hold on film or canvas. This is the ultimate in nature's work. This is the earth and the sea in a struggle that goes on down throughout time, back through all recorded history, back to the beginning when the interior of our world erupted to the surface and flowed into the ancient sea.

## Selectmen's Meeting

JULY 15, 1986 - by VIRGINIA ARRAL

SELECTMEN FROM TWO TOWNS SEEK TO RETAIN COUNTY GOVERNMENT

Rochester Selectman Frederick W. Underhill met with Selectmen last Tuesday to announce his candidacy on the November ballot seeking to be elected a member of the Plymouth County Charter Commission.

Selectmen Chairman John N. DeCosta said of the 15 districts in Plymouth County, Mattapoisett, Marion, Rochester and Wareham comprise District 12. DeCosta said Underhill serves on the Plymouth County Advisory Board with him.

Underhill explained the Charter Commission will be seeking answers to preferably keeping county government the way it is presently operating. "First," Underhill said, "the Commission will determine whether to retain the present form of county government. Secondly, the non-partisan persons chosen to serve on the Charter Commission will form a study committee to see how the Commission should go." Underhill commented there are many functions the county form of government operates that have to be operated and may as well be run by the county, including the Registry of Deeds, the Plymouth County Hospital and water sources. He added there are some critical problems arising in the water supply to some towns in the county.

Selectmen Frank Suzan and James Huntoon agreed with Chairman DeCosta that the county form of government should be retained and will do all they can to assist Underhill in his quest for the office.

APPROVED A REQUEST from Police Chief James Moran to transfer $1,671. from the Ambulance expenses to the Police Department expenses in order to close out the 1985-1986 ambulance budget. This action does not require a town meeting vote, but will be referred to the Finance Committee for its approval.

AGREED to look into the cost of building benches similar to those at Shipyard Park. Although some were recently repaired by volunteers, some new ones need to be added, the chairman said.

A letter from the Mattapoisett Land Trust indicated it plans to install two benches on the property next to the Wharf and bandstand area. The Trust requested the design of the present benches, some of which were destroyed in last year's hurricane Gloria.

Selectmen agreed to ask George Mock, president of the Land Trust, to check the state supply book to select a bench type that will be suitable for the area. Selectman Suzan noted he preferred the type using concrete, as they will hold up much better.

ferred with Betty Sears, Town Accountant, and recommended a plan "the simpler, the better".

The board agreed there should be no miscellaneous category and that no salary and wage increases be included. Increases will be taken on an individual department basis. Also, Selectman Huntoon noted any expense should be specifically defined, thus eliminating a miscellaneous item.

It was agreed to work on two proposed five-year projected budgets - the Town Hall and the Selectmen's Account. This will enable the Selectmen to work on their accounts as examples to iron out any concerns before asking other department heads to project their budgets for five years.

GRANTED Nick's Pizza, Route 6, approval to sell wine and beer. It was granted with the understanding the wine and beer can only be served in conjunction with the sale of food and indoors only - not on the patio.

Michelle Rentumis, manager, who resides at 75 Vaughan Hill Road, Rochester, met with the Selectmen for a public hearing on the license application. A letter was read from Frank Sylvia, an abutter, saying he was unable to attend the hearing but noted he had no objection to the license being granted.

Selectman Suzan informed Mrs. Rentumis that the Board is adamant on the enforcement of no selling to minors and that any incidents will be treated harshly. Mrs. Rentumis said she understood the conditions and agreed with them.

## Capitol Flag Raised

The flag now flying at the Mattapoisett Library has flown over the United States Capitol Building in Washington, D.C. In a brief ceremony on Friday, Selectman John N. DeCosta presented the flag to the Library Trustees as he recalled that almost 10 years ago he stood on the same spot and accepted the flagpole which was given to the town by Maurice and Frank Linhares in memory of their grandparents. Veterans' Agent George White obtained the flag through the office of Representative Gerry Studds.

Library Trustee Paul Myers accepted the flag with thanks and spoke of the wonderful symbolism represented by the colors. He expressed the gratitude of the Library Board, to good neighbor Anthony Pelson who daily raises the flag and cares for it. Mrs. Florence Bennett, a neighbor from across the street, was present because of her late husband Robert's deep interest in seeing a flag flying at the Library. It was through that interest that Mr. Pelson volunteered his services to the town. It was he who suggested that Mr. White obtain this particular flag with its significance.

real life pirate adventure involving an early Mattapoisett resident.

It's true - and now you can see and hear about the evidence at our own Museum.

Some of you may be familiar with the saga of Joshua Cushing and his escapade with the Algerian pirates off the Barbary Coast in the early 1800s. An artifact from that adventure was the dagger which he managed to wrest from the pirates and which aided in his escape.

This very same dagger is now on display in our Museum - on loan from the Pilgrim Hall in Plymouth.

Francis Rowland has written a script of the exciting story and Donald Welch has narrated it on tape. You can read and/or hear the whole story at the Museum this summer and see the infamous dagger.

## Mariner Youth Soccer

The Mariner Youth Soccer Club is a new phenomenon on the seacoast, being formed just seven years ago and incorporated formally in 1983. The upcoming fall season is only the third for the girls' teams to be included. Although still much smaller in terms of numbers of participants than the boys' program, girls' soccer is well on track building a solid program. Whereas the boys regularly have competitive teams in the spring with the South Coast Soccer League, this is all new for the girls. Inexperience did not matter this year when three players on the girls' spring competitive team earned positions on the district team.

Fall soccer's emphasis in both boys' and girls' teams is instruction, and players with no previous soccer experience are welcome as well as seasoned players. Teams are organized into age groups and are chosen both geographically and with an eye to balance of ability. Mariner Youth Soccer Club players come from the towns of Acushnet, Marion, Mattapoisett, Rochester, New Bedford, Fairhaven, Wareham and Onset.

Final ball registration for both boys and girls will be held at the East Fairhaven School on Saturday, August 2nd, from 10 to 12:00. The cost is $18.00 which includes a complete uniform. Children between the ages of 6 and 16 with birthdates from 1971 to 1980 are urged to join.

I kept gaining and losing the same 20 pounds. Then I said, this time it's going to be different.
I tried every pill, every gimmick to lose weight. Only to feel miserable when I gained it all back. Finally I said no, never again—*this* time I'm going to Diet Center. I lost the weight, without hunger. And I'm keeping it off.
My only regret? Not going sooner!

BE A FRIEND TO ASHLAND

In case you haven't heard, Mel Bernier, her daughter Amy, and four horses from Ashland Stable were involved in a trailering accident on July 6th. Mother and daughter are fine, and the animals will all recuperate. This is due in large part to the quick and efficient response of many people, volunteers as well as professionals. Their efforts are appreciated and will always be remembered.

But the trailer is a total loss, the truck needs major repairs, and the vet care will continue for some time to come. "Totem", owned by Bonnie Lewis, had stitches on his head and severe cuts on his legs. "Max", owner Kris Mendell, had stitches on his back and leg. "Moxie", owned by Mel, had stitches on her head and was badly bruised. "Candy", also owned by Mel, was the luckiest of them all. She had black eyes and badly bruised legs. None of this is covered by insurance.

Ashland has been a friend to many families over the years, not only from Mattapoisett, but also from as far away as Onset and Norfolk, MA. Mel has instructed countless students in equestrian expertise, responsibility, cooperation, dedication, and much more. She has been involved in 4-H for 15 years, first as a member and now as a volunteer leader. She instructs children from age 4 on up to adults. Not all riders attend shows, but those who do are trailered year round to various events around the state.

And, now several parents have thought of

Drain cleaners can be omitted by pouring boiling water down the drain as well as using a plunger or metal "snake".

Instead of using air freshener, try setting vinegar out in an open dish, or simmer some cloves in water.

By putting soapy water on leaves and rinsing them you can eliminate houseplant insecticides.

As a substitute for mothballs, try cedar chips.

## Bravo, Zeiterion !

ZEITERION THEATRE OFFERING BROADWAY FARE
by DAVID B. BOYCE

In June, New Bedford's Zeiterion Theatre presented an outstanding production of Lerner and Loewe's "Camelot". Summer theater fans are to be treated twice more.

In an arrangement with American Musical Theatre Inc. of New London, CT., the Zeiterion will present additional productions during the summer. The arrangement is both inspired and practical, as it makes available opportunities for local performers to join with professionals in these presentations.

The majority of leading parts are cast from the membership of Actors Equity, Direction, design, choreography and stage management are, likewise, handled by seasoned professionals. Many non-speaking and chorus members, however, are cast locally. Associate Directors George Charbonneau and Armand Marchand, well remembered for last winter's production of "A Christmas Carol" at ORRHS and last summer's "A Chorus Line" at the Zeiterion, then shape the two

casts into a well-tuned whole. They are ably assisted by Associate Choreographer Clay James and Associate Music Director Don Vasconcelles. The large American Musical Theatre orchestra allows for the use of the full original Broadway scores, lushly complimenting the visual productions.

Opening tomorrow night at 8 is the 1954 Tony winner, "The Pajama Game". Performances continue Friday at 8 and Saturday at 5 and at 9 p.m. Ticket prices range from $15. to $20. The August production will be the Rodgers and Hammerstein classic, "Carousel".

"Camelot" was a sumptuous feast, visually stunning and audibly crisp. The leads were all well-chosen, bringing to life the fabulous legend of King Arthur and his court. If the high production values of "Camelot" are indicative of American Musical Theatre's taste and professionalism, then Zeiterion audiences are in for a treat with "The Pa-

## Here's how Chiropractic treats Athletic Injuries

Most athletes have come to recognize the hazards involved in their activities, and are among the most regular patients of chiropractic.

It is important to consult your doctor of chiropractic regularly, regardless of your type of recreational activity. If you are a parent, it is important to make certain your child does not suffer a spinal problem.

Your doctor of chiropractic will detect and correct subluxations, however incurred, and will arrest or prevent problems which they would produce. Chiropractic treatments can not only re-establish nerve function, but will relax you as well. With improved health, your enjoyment of your recreational activity will be enhanced.

## Zeiterion Fifties Night

Tie your hair in a pony tail, get out your saddle shoes, and bop on down to the Zeiterion Theatre. The theatre has announced that it will host a special benefit on Friday, August 8, with a 1950s theme. Governor and Mrs. Michael S. Dukakis are Honorary Chairpersons of the event. The Benefit Committee is chaired by Mrs. John K. Bullard and Mrs. Charles Bascom. Claremont Development Associates will sponsor the event -- a performance at the theatre beginning at 8 p.m. followed by a sock hop at Claremont's Times Square Atrium, Purchase and Elm Streets, New Bedford. Trolley transportation will be provided between the theatre and the party. Tickets are priced at $25.00 for the performance only and $50.00 for the performance and sock hop.

The show at the Zeiterion will feature LESLEY GORE, DEL SHANNON, SAM & DAVE, THE MARVELETTES, and THE 50s ROCK 'N ROLL REVIVAL BAND in RICHARD NADER'S SUMMER ROCK 'N ROLL PARTY. The sock hop party in Times Square will feature DJ Gene Daniels spinning favorite rock 'n roll hits from the 50s and 60s, dancing, 50s decor, roller-skating girls serving refreshments, and you in your poodle skirts and lettermen sweaters. Executive Director Robert Freedman said, "It will rival any Saturday night social in any gymnasium. The 50s benefit will be as much fun as our annual Island Night event. It will be a great party and an enjoyable way to help the theatre."

Lesley Gore hit the charts at the tender age of 16 with "It's My Party" and "Judy's Turn to Cry" and has since become successful as a lyricist, teaming up with her composer brother, Michael Gore, on the

This unique, first-time course will trace the route of Bartholomew Gosnold, early navigator of Buzzards Bay, Cape Cod and the Islands. Two very special week-long programs are being offered to anyone interested in learning about the history, ecology, environmental issues and research related to the waters of southeastern Massachusetts. The first week, August 18-22 is a unique session for teachers and youth leaders interested in sailing experience on a tall ship while learning the methods and curriculum of oceanography from a schooner. The second week, August 25-29, is a program open to the general public who wish both the sailing experience and to further their knowledge of whales, island ecology and oceanography.

Registration is limited. Prompt reservations and deposits are recommended.

The Spirit of Massachusetts will be the home for our explorations of the waters of Buzzards Bay and the islands of Cuttyhunk, Naushon, Martha's Vineyard and potentially Nantucket. Sail with us as we search out pods of humpbacked and fin whales off of the southern Cape Cod waters. Snorkel with us in near shore waters as we explore and

examine sea life. Using a portable laboratory which we will set up on board, collect and learn about the invertebrates and fish of our area. Numerous collection methods will be employed to gather the many species of animals and plants which make up the living world of our coastline.

Learn to sail this 125 ft. reconstructed schooner of the late 19th century. This three year old ship is fully licensed and inspected by the U.S. Coast Guard and is designed to be our home at sea for the course of each week. Spacious bunk accommodations will combine with ample space in the saloon and on deck for evening programs, meals and relaxation. Deck-side, participants will be able to be a part of the crew, sailing through Vineyard and Nantucket Sounds and Buzzards Bay. Each participant in the program can determine his or her level of involvement in the sailing experience.

In addition to cruising at sea we will stop at ports of call such as Edgartown on Martha's Vineyard where participants will have "shore leave" to visit shops, dine out and examine the history of coastal communities. Our shipboard base allows us the flexibility to follow a course to see the rich diversity of land-use and coastal resources which are a so important component of southeastern New England.

For teachers, this program offers the opportunity to study with the Center's School Program and Research Coordinators. A curriculum library, audiovisual presentations and review of teaching methods will fill both days and nights. Opportunities to prepare collections, to examine various collection techniques and preservation methods and an introduction to the different equipment used by marine scientists will be presented.

For the person interested in a shorter sailing experience on board the Spirit, the Lloyd Center is offering three-hour sails from New Bedford Harbor on Saturday, August 23rd, and Sunday, August 24th. On Saturday

XERCES SOCIETY 12th ANNUAL BUTTERFLY COUNT

On July 27th Mark Mello, Research Co-ordinator at the Lloyd Center for Environmental Studies, will be leading a team of butterfly enthusiasts on an all-day excursion through several different habitats as part of the 12th Annual Butterfly Count. The count is sponsored by the Xerces Society, a butterfly conservation society.

Each year a fixed itinerary is walked and all the butterflies which are encountered are identified and their numbers recorded, much like the Audubon Society's Christmas Bird Count. Volunteers are sought who would be willing to join us for a full or half-day. The ability to identify this area's 75 or more species is not necessary, but some familiarity with butterflies or the ability to discern between the more common species (even if you can't put a name on them) would be very helpful. This is an excellent opportunity for those

their music with reverence, yet with a mastery of its own -- melting down the blues, ballads, pop songs and jazz standards into pure golden sound.

McDonald's full expressive range and power blends well with the veteran jazzmen in the band. He first toured New England in the 50s with his Historic Jazz Band. Later, after the band broke up, McDonald joined the New Black Eagle Jazz Band where he achieved international recognition during the 70s. Acclaimed its "most impressive member" and "major league soloist", McDonald left the band in 1981 to organize Blue Horizon. Reunited with the front line of his old band, Walter Miller (trumpet) and Fred Walsh (trombone), the band is once again reviving the classic jazz tradition in the Boston area.

munications systems provide new information and ideas which are important in keeping people up-to-date on the latest developments in their fields.

St. Luke's Hospital is one of the few large facilities in southeastern Massachusetts to have such a system. Its size and need for the latest information prompted the acquisition. Large groups can be accommodated in St. Luke's auditoriums which have 40-inch and 19-inch television monitors to facilitate audience viewing. Technical engineers are available in case of any problems.

## From County Mosquito Control:

Mosquito season is in full swing and so is the Plymouth County Mosquito Control Project. Workers from the Project are spraying, by trucks, for adult mosquitoes on a daily basis. Each day they are also checking mosquito breeding sites through the Project's communities and treating all sites where mosquito larvae are found to be present.

The Project encourages individuals to call their office with any concerns that they might have. Requests for areas to be sprayed may be made Monday through Friday from 8:00 a.m. to 4:00 p.m. Any groups that would like to have a speaker from the Project attend one of their meetings to explain mosquito control are also encouraged to call. The number of Plymouth County Mosquito Control is 585-5450.

TOWN OF MATTAPOISETT, MASSACHUSETTS
REQUEST FOR BID

July 15, 1986

The Selectmen of the Town of Mattapoisett are seeking proposals for Designer Services as set forth below. The fee for the services desired has been set at $5,000. Proposals will be evaluated by the Mattapoisett Police Station Evaluation and Needs Committee, and all proposals shall be sent to Mr. Peter B. Hodges, Chairman, addressed to Town Hall, Mattapoisett, MA.02739. Finalists may be required to appear before the Committee for a personal interview. Selection of the finalists will be determined by the experience of the applicant on similar projects, the financial stability of his firm, the identity and qualifications of consultants who will work with the applicant on the project, and any other criteria deemed relevant. In order to be eligible the applicant must be an individual architect or engineer registered in Massachusetts or a member of a firm the majority of whose partners or officers are architects or engineers registered in Massachusetts. Proposals will be received until 12:00 M August 15, 1986 in the Selectmen's Office, Town Hall, Mattapoisett, MA. 02739. The Town of Mattapoisett reserves the right to reject any and all proposals and to award contract to other than the low bidder if deemed to be in the best interests of the town.

Designer Services Required

The Police Station Evaluation and Needs Committee has determined that the present police facilities located in the rear of the Town Hall are inadequate. Several possible solutions to the problem have been identified of which two appear to be the most promising at the moment. A totally new facility could be constructed on land now owned by the Town, or the Town Offices could be moved to a portion of the Center School and the present Town Hall renovated as the police facilities. In order to make a proper recommendation to the Selectmen, the Committee needs the services of a designer to evaluate the possible solutions from an architectural point of view, i.e. what are the probable problems to be encountered in each of the options and rough order of magnitude what are the probable costs associated with each proposition. Only rough schematic drawings of floor plans are required.

## Zeiterion Film Series

"THE MUSIC MAN"

The Zeiterion Theatre's Classic Film Series presents The Music Man on Monday, July 28th, with showings at 2 and 7:30 p.m. The 1962 film has only recently been re-released and the Zeiterion is among the first theatres to show this invigorating transference to the screen of the hit Broadway musical. General admission is $2.50 with a special senior/student rate of $2.00.

The Music Man stars Robert Preston as a confidence trickster who persuades a small-town council to start a boys' band, with himself as the agent for all the expenses. The film also stars Shirley Jones, Buddy Hackett and Hermione Gingold and features the familiar songs "Trouble", "Goodnight, My Someone", '76 Trombones", and the classic "Till There Was You".

Preceding the film will be a cartoon, "8 Ball Bunny", and episodes 10 and 11 of Flash Gordon, the futuristic serial spectacular starring Buster Crabbe.

The Theatre's Summer Film Series will conclude on August 4th with Bus Stop, the film that made Marilyn Monroe a household name and a Hollywood sex symbol.

The Suzuki approach deals with much more than teaching a child to play an instrument. It seeks to develop the whole child, to help unfold his natural potential to learn and become a good and happy person. The purpose of Suzuki is to help every child to find the joy that comes through music making. Through the Suzuki growing process, children thrive in a total environment of support. They develop confidence and self-esteem, determination to try difficult things, self-discipline and concentration, as well as a lasting enjoyment of music, and the sensitivity and skill for making music.
